CHINA Inc : Bursary Award:

Dear Ms Juanita Kwok

It gives me great pleasure to confirm that you are a recipient of the CHINA Inc Bursary Award presented at the Seventh Chinese Heritage in Northern Australia Inc (CHINA Inc) conference held in Townsville 2-4th March 2018.

The judges considered your paper and presentation professional, scholarly, and thought provoking. You engaged with the audience throughout your presentation using a variety of techniques and provided interesting and new information regarding market gardening and market gardening communities. Although set largely in rural NSW, the information is highly relevant for Northern Australia studies.

Everyone in the room warmly received your presentation and you should feel proud of your efforts. Well done.!

We hope that through attending CHINA Inc's "No Fuss" conference, you found this a rewarding and positive experience for you. The committee encourage you to continue to research and present your ideas to the academic and non -academic community.

Congratulations!

Yours Sincerely,

Sandi Robb
President
CHINA INC
